# express yourself

**BE BOLD AND LET YOUR PERSONALITY SHINE THROUGH WHEN CHOOSING PAINT SHADES FOR YOUR HOME.**

Your home is your castle, and you'd want it to reflect who you really are. Colour can be one of the best ways to express your personality, but how often do we end up with "safer" shades because we're afraid of making a costly, long-term mistake? Learn to use colour to showcase who you are in your space – whether you're perky and adventurous, serious and sophisticated, or laidback and chill. With Dulux's wide range of paints, there's no reason not to embrace the full spectrum of colour to truly express yourself and your personal space.

**RAYMOND SEOW**, DESIGN DIRECTOR OF FREE SPACE INTENT, WHICH IS POPULAR FOR ITS BOLD USE OF COLOUR, SUGGESTS PALETTES TO MATCH DIFFERENT PERSONALITY TYPES.

HOW WOULD ONE TRANSLATE SUCH "PERSONALITY COLOURS" INTO A HOME SETTING?

The colour choices would depend on the kind of style and concept the client is into. As a rule of thumb, I usually use a stronger colour to highlight a single wall, which acts as an anchor feature for the interior. Colour can also be infused through your choice of furniture – use shades that will complement or contrast with your feature wall for extra visual impact.

**WHAT COLOURS REFLECT A YOUTHFUL, FREE-SPIRITED, FUN-LOVING PERSONALITY?**

Bright colours like orange, strong yellow and pink are often used to signify youth and joy. Try a vibrant yellow like Dulux Wash & Wear's Meadow Gold (WW26511L) to infuse positive energy in your space.
